

Fire Wizzer

Game Mode 2: Over Head

Goal: Collect a set number of souls to advance to the next level.

Game Play: Navigate a course and claim as many souls as possible within a set time limit. Seek out villains, get off your motorcycle, and wizz a fiery stream of death to achieve your goal. Manage your health and hydration level, be carefully not to run low on hydration or be too far away from your motorcycle or let it run out of gas...your enemies may be faster than you on foot.

Collect health icons, hydration icons, and manage your time to keep The Rider blazing away long enough to achieve you goal and advance to the next level.
